Office Action Summary

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Cardarelli - 4405360.

The rejection of record is maintained. Although specific examples of "derivatives" are cited, there is no statement limiting derivatives as claimed, to any compound, moiety or structure in particular. Thus, the general sense of derivative – derived from – either by metabolism, degradation, or addition, meets the claimed derivative Language, and thus, cardarelli meets the composition.

Applicant's arguments filed on 6/20/03 have been fully considered but they are not persuasive. Applicant argues for marvelous benefits, but claims are free of these functions and of the means to fulfill them.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
